🎓 EDUCATION

Secondary Specialised Studies in IT, *ITST JF Kennedy*   Sep 2018 – Jul 2023

09/2018 - 06/2020: 2 years secondary education in technical fields   Italy

09/2020 - 07/2023: 3 years secondary specialised studies in IT (including 2 years in Telecommunications)

💼 PROFESSIONAL EXPERIENCE

Freelance Web Developer   Mar 2020 – Jan 2022

Skills: HTML,CSS,Javascript,Figma,Photoshop, jQuery,SEO,Responsive web design,PHP,MySQL

- Helped clients adjust their websites to the newer standards by researching the new trends in web design and incorporating new features where necessary;
- Fixed issues in the UIs of clients' websites by testing them across different media (16:9, 4:3, ultrawide, tablet, phone screens) and on devices with different levels of performance (including legacy) and finding solutions to any problem;
- Fixed backend issues for clients' websites by testing them across different hosting platforms in order to find the best fit;
- Converted designs created by clients in Photoshop or Figma to HTML and CSS;
- Implemented SEO best practices into clients' websites to ensure as much traffic as possible.

📁 PROJECTS

Portfolio

My portfolio with my most meaningful projects:link ⬀ (more projects will be added in the future)

🌐 LANGUAGES

Romanian   **English**
Native   Very high proficiency

Italian   **Slovak**
Level of secondary education in Italy   Conversational level

🧠 SKILLS

UI/UX Design
Figma
Wordpress
Photoshop

Backend Development
PHP
SQL

Game Development
Unity
Javascript game development

Database
MySQL
Access
phpmyadmin

Networking
LAN and WLAN
TCP/IP
Dynamic routing protocols
Networking protocols
Cisco devices
Cisco Packet Tracer
NAT
VPN
Cybersecurity
Windows,Linux and MacOS
VMWare and Virtualbox
Network monitoring
Windows Server
Firewall configuration (including IPTables)

Frontend Development
HTML
CSS
Javascript
Responsive web design
SEO

Javascript frameworks
VueJS
jQuery

Programming Languages
C#
Java

MS Office
Mostly Word and Excel

Soft skills
Creativity
Problem Solving
Attention to details
Teamwork
Communication
Adaptability
Quick Learning

📄 CERTIFICATES

Cisco Networking Academy - IT Essentials
Assembling and configuring computers and basic
principles of common network architectures

CCNAv7 - Introduction To Networking
Build fully functional networks in a business setting and
employ common cybersecurity techniques and practices
